## Korpela Reigns Queen of May Day Festival

Jones Hall Auditorium Is Scene Of Colorful Spring Ceremony

In contrast to the dreariness without, a warm blending of music and gay color marked the celebration of the traditional May Day festival in Jones Hall auditorium last Thursday.

### Spurs Lead Procession

Accompanied by Miss Louise Montgomery at the organ, the Spurs led the colorful procession carrying a daisy chain. The queen's attendants, Miss Edith Gustafson and Miss Charlotte Cook were preceded by Garth Drewry, the crown-bearer, and the following daintily-gowned flower girls: Gretchen Swayze, Sally Ann Gould, Beverly Nelson, Joanne Oakes, Patricia Maddison and Yvonne Battin. The climax of the cortege came with the entrance of Queen Elsie Korpela.

After the Queen's proclamation of joy and good-will, all joined in singing the Alma Mater. Miss Helen Robbins, master of ceremonies, introduced the program. The welcome to the mothers was given by Miss Eva Tuell, followed by selections from a violin trio composed of Miss Virginia Gardner, Miss Lucy Spencer and Jack Morlock, accompanied by Miss Lois Farrand.

### Choral Society Sings

Students of Isabelle Keith Morrison studio were seen in a group dance, after which the Adelphian Choral Society, directed by Prof. John Paul Bennett, sang "Sparkling Sunlight" and the "Bridal Chorus" from the Rose Maiden. Solo dances by Miss Marguerite Berry and Miss Peggy Wells concluded the afternoon.

## PLACER MINING CLASSES START

Students and Faculty Members Are Invited

To give instructions in placer mining methods, Professor Frederick A. McMillin has announced a mining school to be conducted in room 304 in Science Hall. It will be absolutely free, with the school starting promptly at 7 p. m. Tuesday evening.

Professor McMillin will explain and demonstrate placer mining. He will also take up the legal side of it, including the filing of claims and documents, prospecting, equipment and mining fields.

All students and members of the faculty are invited to attend the two meetings, which will be on Tuesday and Thursday. This is the same course Professor McMillin has recently finished for the Tacoma Chamber of Commerce. There is no equipment needed for the school.

## W. H. Wells Speaks To CPS Classes

W. H. Wells, president and general manager of the Carsten's Packing Co., spoke to Professor Charles T. Battin's marketing class and Professor Marvin R. Schafer's sociology class in room 108 last Tuesday.

Mr. Wells talked on the problems and the importance of marketing to society. After his talk, which was flavored with many personal touches on problems with which he comes in contact, he allowed the class to ask him questions pertaining to the various marketing problems.

## Officers Who Guide Destinies of Class of 1933

Above are shown the officers of the graduating class of 1933 who are making plans for the commencement ceremonies to be held soon. From left to right they are: Ethelyn Lewellen, secretary; Harold Dabroe, treasurer; Franklin Walbridge, president and Evelyn Bratrud, vice president.

## Scientists Form Research Group

Academy Records Accomplishments of Season

As a branch of the Puget Sound Academy of Science which was founded at the University of Washington in 1920, the Tacoma section of that organization was established and held its first meeting February 10, 1932. From that time on meetings have been held regularly every first and third Wednesday of the month in the lecture room of Howarth Hall of Science.

### Fosters Scientific Research

The organization with its present membership of more than 100 aims to foster accurate and yet popular scientific research in all fields of science. In so doing the society has served about 10,000 people during the past year. Membership in the academy is open to anyone who desires to join in the work.

The present officers of the organization are: President, Mrs. Carl Veazie, founder of the Tacoma group; secretary, Professor Frederick A. McMillin of the College of Puget Sound, and treasurer, Paul T. Prentice of Stadium High School.

### Donate Aisle Case

The aisle case in Howarth Hall of Science, in which revolving exhibits from the science department will be kept, was donated by the group. The first exhibit will consist of Indian baskets belonging to Miss Blanche W. Stevens of the home economics department and Professor McMillin.

## Secretary Speaks At High Schools

Speaking to 20,000 students of high school age in 130 schools over the State of Washington during the last 18 months has been the duty of the Rev. John S. Bell, field secretary of the College of Puget Sound.

At each school he meets with the principal and is invited to speak at an assembly. In a general discussion of college problems he incidentally mentions CPS and asks those interested to talk with him at the end of the assembly.

Bravado, shyness and self-confidence show up in the many personalities with which he becomes acquainted.

One situation Mr. Bell relates was that of the boy who wanted to make money. The youth spoke confidently and felt that surely the only reason he should go to college was to make money in the fastest possible manner.

"Such a person may grow to be a dollar hound," Mr. Bell said, "and yet again he may gain a little of the real philosophy of life." Since Mr. Bell's activities are chiefly accomplished away from the campus, few people realize the extent of his work.

## CAMPUS PLAYERS PRESENT COMEDY

"The Tightwad" Casts Plays to Enthusiastic Audience

Money may not be everything, but Tommy Jordan found that watching the pennies could be a worthwhile game if played vigorously. But even being a tightwad becomes disheartening when one's girl loses interest. Warren Mahaffay, as Tommy Jordan, changed from a careless spendthrift at the instigation of Ruth Day, as Edna Taylor, and portrayed admirably the private life of "The Tightwad," a three-act comedy given in Jones Hall auditorium Friday night.

Other members of the cast were Elmer Taylor played by Creighton Flynn; Mamie Harris, Carolyn Sue Hale; Orval Stone, Franklin Walbridge; Mr. Taylor, Kenneth Powers; Mrs. Taylor, Charlotte Cook.

The parts of the Swedish servants were taken by Carl Nelson, Marian Sherman and Grace Trompen, and the taxi driver was Paul Juelling.

"The Tightwad" by Robert Keith, was witnessed by a good audience and showed a cooperation of commendable acting by the cast, and careful preparation by the directors, Miss Martha Pearl Jones, supervisor, and Miss Kathryn St. Clair, student director.

They were ably assisted by the following production staff: Dramatic manager, Kenneth Powers; business manager, Franklin Walbridge; publicity, Gladys Neff; tickets, Jane Haas; stage manager, Marvin Carter; stage electrician, Phil Keys; property manager, Jane Bennetts; make-up, Ray Chard; assistant to the director, Annabell Norton; scenery, Eva Tuell and Truman Bishop. The Spurs acted as ushers.

Organ music before the play and between acts was furnished by Louise Montgomery, Reba Hall, von Zanner; Jane Wickman and Lois Farrand.

## 'College Humor' Has Competition

Magazine Sponsors Contest to Pick Typical Co-ed

The naming of "The All-American Girl," America's typical co-ed for 1933, is the purpose of a contest being sponsored now by College Humor and Sense and Universal Pictures Corporation. The contest is open to all students in colleges of reputable standing, and is judged from photographs only, in order that students may participate without interruption of school work.

### Prominent Judges Selected

Judges in the contest include Russell Patterson and Jefferson Machamer, nationally famous artists; Stanley V. Gibson, publisher of College Humor and Sense, Carl Laemmle, Jr., general manager of Universal Pictures and Larry Reid, editor of Motion Picture and Movie Classic.

The winner of the contest will receive a movie contract this summer for not less than \$100 a week, with expenses to and from Hollywood.

### Two Photos Required

Each entrant must submit two photographs, one in profile and one full face. The photos must be accompanied by descriptive data and a statement from an elocution or dramatic teacher regarding the student's quality of voice. A cover from the current issue of College Humor and Sense must also be included.

The contest closes midnight, July 1, 1933, and all material must be in the hands of the All-American Girl Editor, College Humor and Sense, 1300 Paramount Building, New York City, before that date. The winner will be announced before midnight, July 15, 1933.

## Artistic Students Present Problems For Psychologists

What do college students think about as they sit in class listening to the professor lecture? At last a record of their thoughts has been discovered. All that is needed is someone to decipher the intricate hieroglyphics. Psychologists who study the figures men draw while engaged in telephone conversation should find a challenge to their ability in the various figures that are found on chair arms in a college classroom.

An examination reveals that the designs most frequently found are fraternity or sorority letters. Artists find that the desk tops are good easels, if the number of pictures they draw would indicate anything. Ability to draw does not seem to be necessary, for the pictures are of all shapes. Some one has drawn the picture of a face that closely resembles a monkey. It is very elaborate and has taken days or possibly weeks to complete.

## Loggers Capture St. Martins Tilt

### Lumberjacks Take Final Contest 5 to 3

After losing three straight games to the strong St. Martin's nine CPS baseball team staged a comeback to take the final game of their four game series Friday afternoon on the Logger lot, by a score of 5 to 3.

In the first game of their this year's series the Lacey boy's won a close contest here, 5 to 4. The Saints went on a batting rampage in the next game which was played on the St. Martin's field and emerged on the long end of a 20 to 7 count.

The second game played at St. Martins Thursday was closer, but again the CPS team lost the game through costly errors. The score was 7 to 3.

#### Brooks Hits Homer

St. Martins took an early lead in Friday's tilt but a home run by Brooks and some timely hitting on the part of Gagnon, Sterling and Briles gave the Logger's their margin of victory. Briles, who relieved Smith early in the game pitched nice ball for the Loggers. Hurney and McBride led the visitors with two bingles each, one of Hurney's going for a triple.

## Intramural Playground Schedule to Be Posted

The schedule of games for this week's intramural baseball play will be posted on the bulletin board today. The games which were postponed last week will probably be played some time this week along with the regular schedule if possible, according to Lou Grant, who has charge of drawing up the schedule.

## Huskies Defeat Lumberjack Nine

### Errors On Part of Loggers Result in Defeat

Although they outhit their opponents 7 to 6 the College of Puget Sound diamond pastimers went down in defeat 9 to 2 at the hands of the University of Washington, last Tuesday afternoon. The game was played on Graves field in Seattle, which was wet and soggy from heavy rains during the day.

#### Loggers Blow Up

Playing even ball the first two innings the Loggers blew up in the third and the Huskies scored five runs due to errors on the part of the CPS team. The rally started when Sterling dropped the third strike after Smith struck the first batter out. From then on the inning was a series of misplays and overthrows.

The locals put on a counter rally which netted two runs, but the Purple and Gold tightened down again and from then on the Seattle pitchers had matters well in hand.

#### Smith Leads CPS

Otto Smith, CPS hurler, led the local team in hitting when he connected safely twice. This win gives the Huskies a lead at the half-way mark of their four game series, but the Loggers are expected to make a much better showing in the remaining games due to the fact that they have gotten a lot of bad baseball out of their systems.

By Howie Clifford

Other day a bunch of the boys were whooping it up. Don't get excited now all we were doing was struggling over a headline for the Trail. And what a struggle, everyone was wishing that some one would invent elastic type so that he could put a word with ten letters in a space which would only hold six.

The idea we are getting at is that the sports department would like very much for some reader to suggest a new name for INTRAMURAL that would fit into headlines. If there is anyone at all who reads this bit of nonsense the editor would appreciate it very much if a little aid would be offered. Why it could even be arranged to treat the originator of this new word to a show, even in these times. That's how much we need help. What do you say readers? Get them in early as the winner will be announced next week.

Have you ever stood around in the lower hall and listened to Jim Ennis talk about the time he played baseball against a traveling girls' team? Tell them all Jimmy.

By the way we often wonder what's become of Al Severson's letter sweater. Does anyone happen to know?

The idea of this column is to give sport comment and general happenings of those engaged in the field of sport at the College of Puget Sound. But most of all we are trying to give you what you want. If you want scandal we will dish it out. If you want humor we will do our best or if you want straight sport comment you shall have it. Whatever it is you desire we will try to give it to you. Don't forget it is your column and your paper. All suggestions and comments are welcome so if you should see the author at any time you are invited to have your say, or if you wish to say something but do not want your identity known just leave a note on the sport editor's desk and we will get it.

Ye scribe journeyed over to see the Huskies and Loggers clash on Graves field. It was a good ball game with Otto Smith, Lumberjack hurler having the better of both Holland and O'Brien, star chuckers of the University nine. The reason that the Loggers lost was because of one inning of errors and that was partly due to the moist condition of the turf field. The Maroon and White were all at sea (well anyway the water was about ankle deep in places) and could not display their best brand of baseball.

What I am trying to get at is the fact that the locals play a fine brand of ball and as soon as they get over the bad habit of blowing up for one inning they are going to win some ball games. Why not support them as you did the championship football team, you are paying for it whether you go or not. So next Friday why not spend the afternoon at the ball game and perhaps this will be the time that CPS beats the "U."

Did you ever notice "Swede" Lindquist and Archie Cox, the diamond pastimers trying to bum a ride downtown every noon? Brother can you spare a ride?

Just how many of the "champs" have their gold football still? It is one of the unanswered questions around school.

So Long. And don't forget the intramural name contest. Get your idea in now.

## 'U' Tracksteers Score Over CPS

College of Puget Sound track team defeated the Bellingham Normal squad by the score of 79½ to 46½ at Bellingham Saturday.

Scoring 12 1/3 points to their opponents 118 2/3 the CPS track team bowed to a superior University of Washington squad last Saturday at Seattle on the Huskies' track. Although the Loggers failed to win a first place, they forced their opponents to extend themselves in practically every event.

#### Weick Stars

Rex Weick was the outstanding individual for Coach Hite's squad. He grabbed second place in both high and low hurdles to score six points. Roy Carlson showed well in the field events by taking third places in the discus, shot-put and broadjump.

Gordon Zwiebel, Tacoma youth, now enrolled at the 'U', turned in the most outstanding performance of the meet by winning the half-mile race in the remarkable time of 1:58.2. Mark Whitman of CPS made good time in this race but the Huskies have the fastest trio of half-mile men on the coast, and as a result Whitman did not place.

#### Severson Off Form

Al Severson of the Logger team had an off day with his pole-vaulting, but tied with a Husky man for second honors. Severson has done 12 feet 3 inches in the vault which is three inches more than was needed to take first in Saturday's meet.

Doty and Bates were the only other CPS men to break into the scoring column, Doty taking third in the 220-yard race and Bates third in the low hurdles.

## Logger Golfers Capture Opener

Playing their first intercollegiate contest of the year in a driving rain, the Puget Sound divot-diggers won all five matches from the Bellingham squad and dominated the struggle by a team score of 12 to 3 in their clash Thursday afternoon at the Fircrest Golf Club.

Medal honors were taken by Renschler with an 82 which was exceptionally fine play considering the bad climatic conditions that prevailed.

#### The summary:

Puget Sound 12	3	Bellingham
Renschler 3	0	Miles
Richardson 2	1	Lindsley
Birch 2	1	Carr
Fewell 3	0	McBeth
Sherman 2	1	Lahton

Ten girls from each high school have been invited to enter the program of races and playground sports. The WAA will also entertain the representatives at luncheon.

## Mu Chis Upset Playground Ball

### Down Delta Kapps, by 8 to 0 Score

The feature of last week's intramural baseball play saw the Sigma Mu Chi win two games, the first one on Tuesday, when they defeated the Chi Nu's by a score of 6 to 4. Innis and Finnegan was the winning battery while Spargo and Hedrick toiled for the losers.

The Mu Chi's pulled the biggest upset so far this season on Thursday by hammering Piety's pitching all over the lot to score 8 runs while holding the Delta Kappa Phi outfit scoreless. The batteries were: Mu Chis, Innis and Finnegan; Delta Kapps, Piety and Ollar.

Delta Kapp's won one game during the week, however, on Tuesday by taking a hard fought game from the Peter Pugets 7 to 4. Batteries: Delta Kapps, Heuston and Ollar; Peter Pugets, Packard and Linn. Thursday's second game between the Zetes and Chi Nu's was won by the Zetes. Rain halted the game at the end of the fourth inning but according to Lou Grant four complete innings is considered a full game if contest is called by the umpire. The score was 6 to 3. Batteries: Zetes, Bates and Moline; Chi Nus, Hull and Hedrick.

The Omicrons went into action on Friday and took the Peter Pugets into camp by a score of 10 to 2. The Pugets scored their two runs as the result of McCoy's home run. Batteries: Omicrons, Veatch and Burns; Peter Pugets, McCoy and Linn.

## 'MATTSONIAN' HUMOR

For almost four years students of CPS have listened with attentive ears and appreciative minds to the wit of J. Herman Mattson, former ASCPS president. During these years there has been something unique and original in all his bits of humor that has brought him recognition for possessing unusual talent in this line of endeavor—his humor has been truly "Mattsonian." However, his ability has not been limited to the field of speech for his oration which was given in chapel recently showed that he possessed marked ability as a writer.

Appreciating Mr. Mattson's talents and desiring to give CPS students more of this "Mattsonian" humor, the Trail intends to devote a column to wit written by him, the first section of which appears in this week's addition under the caption, "Punny Pokes." We are giving him plenty of freedom in his choice of topics for we know that whatever he writes will be worth the time spent in reading it and will be truly "Mattsonian."

## —: PUNNY POKES :—

By J. Herman Mattson

Topics treated hereinafter shall range from the sublime to the ridiculous. Topics today range from Russia to college news. The plan is to review all the nations of the earth with the hope of getting to Turkey by Thanksgiving.

Get this in your head and you'll have two political systems in a nutshell.

United States: Government helps the rich—Heaven help the poor!

Russia: Government helps the poor—Heaven help the rich!

Bureaucracy has messed up things in Russia to such an extent that even the courtplaster manufactured there is just so much Red tape.

Because business is in the Red that doesn't mean it's Russian.

It is curious how the color of the hair enters into the Bolshevik government. The leader of each department is a Red head. (Stalin is the real dictator of Russia, the man over the statistical bureau is just a figure head).

N.E. P. R.K.I. O.G.P.U. are some of the names of policies and organizations among the communists. Evidently this is just the initial stage of Sovietism.

O-gpu is the name of the dreaded police system. Pronounced: Oh gee! Phew!

There is really no danger that America will become communistic. You can't convince an American that business can succeed by going further in the Red.

## College News

New assistants discovered at CPS! We have Economics Readers, History Readers and now we have discovered Chapel Readers. This is not a profession and no wages are paid, rather, it is a calling which receives special mention by our Prexy.

Chapel Readers should not be encouraged, for, if students get something useful in chapel who would listen to the speakers?

Animals are raised, children are reared, the difference lies in the anatomical significance of human parental discipline.

Histories of the human race are just so many scrap books.

Don't forget that Education is an eternal fight against ignorance and not just a few passes at it in the time of exams.

The depression is psychological—that is why we mind it!

Junior-Senior breakfast—so-called because breakfasts are held in the morning—this meal is served in the midst of a general junior mourning as they have to pay for it.

AFTER ALL NO ONE CAN BE WELL RED WITHOUT A STUDY OF U. S. S. R.

### Artists Leave Impressions (Continued From Page One)

maps and just plain lines or squares are some of the things that come from the creative brains of students. Thousands of initials and names reveal that everybody has a desire to leave his name on some permanent record.

The most elaborate design found was an old castle that was true to the last detail. The artist has undoubtedly spent many days working out the plans for such an enterprise.

What a find this would be for archeologists in some future century to uncover this record of our civilization in college.

### Time Plan Today

If you missed your first-period class don't blame the alarm clock, blame the city council. Following the council's action Friday, in putting the city on Daylight Saving Time all classes at CPS have been set ahead an hour to correspond with the new schedule. Eight o'clock classes now meet at 7:00 a. m. Pacific Standard Time, 8:00 a. m. Daylight Saving Time.

### Girls Register For Golf Instructions

Golf lessons for women are offered every Monday afternoon at 4 o'clock at the Tacoma Golf studio, 9th and Pacific. This class offers an opportunity to get excellent instruction for a very low fee. Women should register for the course with Miss Bernina Collins.

## Women's Tennis Well Under Way

Tournament play in women's inter-class tennis is now under way, and Monday, May 8 is the last day for playing off the first and second rounds. Winners will compete for class championship, while losers will have a chance to play again in a consolation tournament. Twenty points are awarded for each match won.

Archery is also popular this spring. New bows and arrows, as well as some freshly-painted red quivers brighten up the equipment. Turnouts in this sport are scheduled for noon on Mondays, Wednesdays, and Fridays, but in case of rain the targets are set up on the Tuesday or Thursday noon following. The four highest scorers in each class will earn 100 points toward their sweaters.

A group hike was led by Vivian Larsen Saturday, May 6, from the end of the 6th Avenue street car line to Titlow Beach.

Miss Pernina Collins, physical education director, reminds her students that all absences over the two allowed for the semester must be made up by May 18.
